There is no apparent leader at present with the History and Heritage Group so David Gluck will set up the first meeting to explain the way forward.	DG JG to provide the contact details
Each individual leader will get in touch with the group to arrange a first meeting to discuss the crib sheet and to divide job roles.	CH/SK/NM/JG/GH
The crib sheet is not definitive anything else may be considered and added.	
The first meeting is to divide up the work, decide the focus. Any questions please refer to David Gluck.	
Should any of the groups decide a questionnaire would be appropriate please co-ordinate through the Steering Group.	ALL
Hopefully by the first week in July there will be some preliminary questions emerging, these to be finalised by mid-August so that the questionnaire can be printed for distribution by mid-September.	ALL
Groups don't have to minute the meetings but feedback to the Steering Group through the leader each month.	
Questionnaire will require a preamble of the content – with the Vision, what it is, why it is important with the map of the Parish.
